Online course price list

Code	Course Name	Price (ex. VAT)
PAA	Analogue and digital signals	£100
PAB	Signal impairments	£80
PAC	Transmission fundamentals	£100
PAD	Modulation and multiplexing	£100
PAE	Data communication principles	£120
PAG	Telecommunications networks	£120
PAF	Media encoding	£100
TFA	Telephony and data services	£120
WAA	Wireless communications	£80
TCC	Telecoms infrastructure and administration	£80
TCE	Introduction to telecoms services	£100
TCG	Telecommunications systems security	£130
FOA	Telecommunications access networks	£120
FPB	Telecoms testing and fault-finding	£130
OMA	Optical fibre principles	£120
FOC	Optical fibre installation and testing	£120
TDD	Next generation access networks	£130
TCF	Hybrid fibre coax cable systems	£110
VAA	Introduction to telephony	£110
VAB	Voice over IP	£160
MED	VoIP systems	£190
EBB	Structured cabling	£100
EDA	Ethernet fundamentals	£110
EDC	Ethernet networks	£110
EDE	Network testing and fault-finding	£130
EBD	Advanced Ethernet networks	£120
OAB	Optical transport networks	£160
NSA	Network services	£90
NSB	Domain and cloud services	£100
TQA	Introduction to wide area networks	£130
TQF	Internet protocols	£110
TQG	IP networks	£90
TQH	Interior IP routing	£120
TQJ	Exterior IP routing	£120
TAH	Advanced IP networks	£160
MKA	Introduction to mobile systems	£100
MJB	Mobile radio communications	£130
MJC	4G and 5G radio access networks	£120
MJD	Advanced mobile systems	£120
SYA	Synchronous transmission principles	£100
SYB	SDH principles	£190
SYC	Optical line systems	£110
SZD	SDH networks	£160
